

Middle School to High School Transition Series 2019-2020

All 8th grade students will participate in a Transition Day event at their feeder high school on February 13th or 14th from 9:30-11:30 am (please see table below for your school's visit day). If a student will be attending another high school other than their feeder school, their parent/guardian must provide transportation. During the visit to the high school, all 8th grade students will take part in a pre-orientation session which includes an opportunity for students to walk the halls of their high school, meet with high school faculty and receive information and materials necessary for registration.

***(Bus code for student travel is: **“High School Visits”**)
